Pattern assumes most width of fabrics are 42 inches. If you like to pre wash your fabric, you will want to purchase 1/4 yard more fabric to account for shrinkage. When you wash cotton fabric it shrinks.

* See main pattern for Basic instructions

When cutting your fabric, I suggest cutting the larger pieces out of the yardage first, then cut your smaller pieces.

You can use a 6 x 24 inch ruler and the lines on your cutting mat to cut out the large squares.
